

XL16i Air Conditioner

Super efficiency, quiet, comfortable and cool

The XL16i comes with a lot of noticeable benefits. Things like tough construction and efficient operation that lowers your energy bills. But one thing you won't notice is when it's running, because the XL16i is the quietest of all our single-stage systems. That's comfort you can feel, and hear. (Or in this case, not hear.)

The XL16i includes:

Climatuff® Compressor

Spine FinT Outdoor Coil

Comfort-RT Mode approved for better humidity control

Full-Side Louvered Panels Protect Your Investment

WeatherGuard IIT Top Shields Unit From Debris and Damage

Baked-On Powder Paint Resists Rust

Unique DuraTuffT non-corrosive basepan

Advanced Fan System

Sound insulator on compressor (available on select models)
