

XV95 Gas Furnaces

Premium heating meets super efficiency

Delivering one of the highest efficiencies in the industry, the XV95, provides superior performance for the ultimate comfort experience.

The XV95 includes:

Variable-speed blower

Two-stage gas heat provides greater fuel efficiency and better comfort control

Heavy gauge, two-tone powder-painted cabinet

Increased dehumidification with Comfort-R (™) mode

Durable adaptive silicon Nitride hot surface igniter

Multi-port, In-shot burners

One-piece aluminized steel primary heat exchanger

24-volt Fuse protects Controls

Insulated cabinet for quiet operation

Convertible to horizontal left

AL29-4C Stainless Steel secondary Heat Exchanger

Cleanable filter with spring-loaded filter rack

ERV, humidifier and air cleaner compatible

XV90i Gas Heating Furnaces

Reliable gas heating for gentle warmth and cleaner air

Whether it's a bit of gentle warmth you want in the early fall, or high-performance heat you need in the dead of winter, the XV90i furnace provides two stages of energy-efficient warmth and a built-in Trane CleanEffects technology for the most advanced air filtration on the market.

The XV90i includes:

Variable-speed blower

Built-in Trane CleanEffects™ technology offering whole-house air filtration with space-saving flexibility

Two-stage gas heat provides greater fuel efficiency and better comfort control

Heavy gauge, two-tone powder-painted cabinet

Increased dehumidification with Comfort-R mode

Durable adaptive silicon Nitride hot surface igniter

Multi-port, In-shot burners

One-piece aluminized steel primary heat exchanger

24-volt Fuse protects Controls

Insulated cabinet for quiet operation
Convertible to horizontal left
AL29-4C Stainless Steel secondary Heat Exchanger
ERV and humidifier compatible
Air-filtration system includes cleanable collection cells

XV80i Gas Heating Furnaces

Reliable gas heating for gentle warmth and cleaner air

Whether it's a bit of gentle warmth you want in the early fall, or high-performance heat in the dead of winter, the XV80i furnace provides two stages of energy-efficient warmth and a built-in Trane CleanEffects technology for the most advanced air filtration on the market.

The XV80i includes:

Variable-speed blower motor
Built-in Trane CleanEffects™ technology offering whole-house air filtration with space-saving flexibility
Cleanable collection cells
Two-stage gas heat provides greater fuel efficiency and better comfort control
Heavy gauge, two-tone powder-painted cabinet
Increased dehumidification with Comfort-R
Durable adaptive silicon Nitride hot surface igniter
Multi-port, In-shot burners
One-piece aluminized steel primary heat exchanger
24-volt Fuse protects Controls
Insulated cabinet for quiet operation
ERV and humidifier compatible

XV80 Gas Heating Furnaces

Durable warmth, built to fit your needs

Every home is unique. And the highly convertible XV80 is built to meet your home's needs, and designed to fit wherever you need it.

The XV80 includes:

Variable-speed blower motor uses less electricity
40" high cabinet, 28" depth means it fits almost anywhere
Two-stage gas heat

Convertible to horizontal—right or left
Self-diagnostic microelectronic control
Durable adaptive silicon Nitride hot surface igniter
Super Efficient Air Circulation
Multi-port, in-shot burners
One-Piece Heat Exchanger
Prepainted galvanized steel cabinet
Upflow models have hinged blower doors, easy-open door latches, and spring-loaded filter rack
24-volt Fuse protects Controls
Increased dehumidification with Comfort-R (™) mode
Insulated cabine
